

# LOOKING TO LEAD?

## Manager - Water/Wastewater - Memphis, TN Full-Time Salary Commensurate with Experience

Has your experience and expertise readied you to manage a specialized team, and explore new frontiers? Prepared to lead the conversation, explain tasks with clarity, and deliver high-quality projects and services? Are you a motivated team builder who understands what it takes to develop an organization for growth? If you answered “Yes!” to these questions, you may be exactly what we are looking for!

We are searching for a Manager - Water/Wastewater for our headquarters in Memphis, TN to lead our Civil Engineering Department. This position will involve all aspects of civil engineering, as well as client relations, team management, and financial business development. Focused on making connections with people, motivating and inspiring them to achieve results, your poise and engaging communication style will be the key to achieving these goals. Your team will flourish under your direction through their commitment to you, the company and the work with an appreciation for your strong, results-oriented initiative.

Headquartered in Memphis Tennessee, we are a leading multi-disciplined firm that includes engineers, architects, planners, landscape architects, environmental scientists, surveyors, engineering technicians, CADD technicians, and construction observers. We have a solid reputation providing services to a diverse list of public and private clients, with branch offices in Chattanooga, Knoxville and Nashville, TN, Houston, TX, Indianapolis, IN, Jonesboro, AR, and Chipley, FL.

**Fisher Arnold is an Equal Opportunity Employer and we require all our new team members to work in a drug free environment and submit to an initial screening.**

**Benefits:** We offer a competitive benefits package including:

- 401(k) with Company Match
- Health, Dental & Vision Insurance
- 160 Hours Annual Paid Time Off
- 9 Annual Paid Holidays
- Flexible Work Week (Half-Days Fridays)
- Employee Assistance Programs
- Flexible Spending Account
- Life insurance

### **Essential Duties and Responsibilities:**

- Lead project teams to design and assist in the construction document productions for a wide variety of municipal water and wastewater projects, as well as other general civil engineering projects as required
- Identify requirements, prepare, and modify plans/designs, technical reports, and submission, to support projects through various municipal and regulatory agency approvals
- Review designs and deliverables for quality control
- Highly organized with a strong attention to detail

### **Qualification and Experience Requirements:**

- Bachelor’s degree in Civil Engineering from ABET accredited University required (Master’s degree preferred)
- Professional Engineer licensed in the State of Tennessee, or the ability to become licensed within one (1) year
- Minimum five (5) years demonstrative project management experience required
- Eight (8) to ten (10) years’ experience in relevant municipal water and wastewater design required
- Knowledge of Autodesk Civil3D (advanced) and ArcGIS
- Strong technical writing and computer (Microsoft Office with an emphasis on Word and Excel) skills

### **HOW TO APPLY:**

**Send your cover letter and resume in PDF format to [careers@fisherarnold.com](mailto:careers@fisherarnold.com) with “Manager - Water/Wastewater Memphis” as the Subject Line. Cover letters will be evaluated as a writing sample and should include your salary requirements and how you believe you can contribute to our organization. All correspondence regarding your application should be transmitted via email; no phone calls please. We look forward to hearing from you!**
