

LOOKING TO GET TECHNICAL?

Geologist - Houston, TX

Full-Time - Competitive Salary Based on Experience

Do you enjoy steady and systematic tasks, with a strong aptitude for analytical, process-driven and methodical work? Are you patient, persistent and deliberate, able to work independently or as part of a team? If you answered “yes” to both of these questions, we may be exactly what you are looking for!

We are searching for a Geologist for our Houston, TX office to support our Environmental Department. Our successful candidate has strong technical knowledge, is self-motivated and able to provide solutions to issues that arise in the field. You will support environmental site characterization, investigation, and remediation projects, and work alongside and support mid- to-senior-level management and multiple project teams. There will be some travel to projects located primarily in the state of Texas (60-70%).

Headquartered in Memphis Tennessee, we are a leading multi-disciplined firm that includes engineers, architects, planners, landscape architects, environmental scientists, surveyors, engineering technicians, CADD technicians, and construction observers. We have a solid reputation providing services to a diverse list of public and private clients, with branch offices in Chattanooga, Knoxville and Nashville, TN, Houston, TX, Indianapolis, IN, Jonesboro, AR, and Chipley, FL.

Fisher Arnold is an Equal Opportunity Employer and we require all our new team members to work in a drug free environment and submit to an initial screening.

Benefits: We offer a competitive benefits package including:

- 401(k) with Company Match
- Health, Dental & Vision Insurance
- 160 Hours Annual Paid Time Off
- 9 Annual Paid Holidays
- Flexible Work Week (Half-Days Fridays)
- Employee Assistance Programs
- Flexible Spending Account
- Life insurance

Essential Duties and Responsibilities: as a Geologist you will participate in technical duties that include:

- Oversee environmental field data collection; complete field work as needed
- Project research and development, project documentation
- Conduct analytical review of sampling events
- Assist in preparing cost estimates and reports
- Serve as liaison to all field contacts
- Provide technical assistance for problem-solving when necessary
- Troubleshoot remediation equipment as needed

Qualification and Experience Requirements:

- Bachelor’s Degree in Environmental Science, Geology, or closely-related environmental field
- Environmental consulting industry work experience is preferred, including soil, sub-soil vapor, and groundwater environmental investigation and remediation
- Current 40-hour HAZWOPER preferred
- Strong proven technical writing skills
- Advanced computer skills
- Current Driver’s License

HOW TO APPLY:

Send your resume in PDF format to careers@fisherarnold.com with “Geologist Houston” as the Subject Line. All correspondence regarding your application should be transmitted via email; no phone calls please. We look forward to hearing from you!
