

READY TO LEVEL UP?

Project Engineer Land Development - Jonesboro, AR Full-Time - Competitive Salary Based on Experience

Are you a task-oriented professional ready to take the next step? Do you work best with unambiguous direction, established procedures, and high expectations for quality and accuracy? If you answered “Yes!” to these questions, we may be exactly what you have been looking for!

We are searching for a Project Engineer- Land Development for our office in Jonesboro, AR to support our Land Development Department. Reporting to the Director- Land Development, the position will involve all aspects of civil engineering, as well as client relations, team management, and financial business development. Detailed, specialized and focused, your strong sense of duty and commitment to completing tasks on time will ensure we continue to deliver quality, individualized solutions to our clients and communities. Working efficiently within your areas of confidence and competence, we will enhance these skills with opportunities to develop personally and professionally through direction, training and support.

Headquartered in Memphis Tennessee, we are a leading multi-disciplined firm that includes engineers, architects, planners, landscape architects, environmental scientists, surveyors, engineering technicians, CADD technicians, and construction observers. We have a solid reputation providing services to a diverse list of public and private clients, with branch offices in Chattanooga, Knoxville and Nashville, TN, Houston, TX, Indianapolis, IN, Jonesboro, AR, and Chipley, FL.

Fisher Arnold is an Equal Opportunity Employer and we require all our new team members to work in a drug free environment and submit to an initial screening.

Benefits: We offer a competitive benefits package including:

- 401(k) with Company Match
- Health, Dental & Vision Insurance
- 160 Hours Annual Paid Time Off
- 9 Annual Paid Holidays
- Flexible Work Week (Half-Days Fridays)
- Employee Assistance Programs
- Flexible Spending Account
- Life insurance

Essential Duties and Responsibilities:

- Perform design related to Land Development projects consisting of single-family residential developments, multi-family residential developments, commercial, industrial and institutional sites, and mixed-use developments, including, but not limited to, site layout, grading and drainage, EPSC, sanitary sewer collection, water distribution, traffic control and roadways
- Produce construction plans for land development projects, and work with team to obtain approvals from jurisdictional activities
- Technical report writing
- Growing the Civil Department with the opportunity to become a Project Manager with sustained growth and progress

Qualification and Experience Requirements:

- Bachelor’s degree in Civil Engineering from ABET accredited University required (Master’s degree preferred)
- Professional Engineer licensed in the State of Arkansas, or the ability to become licensed within one (1) year preferred
- Knowledge of Autodesk Civil3D (advanced) and ArcGIS
- Strong attention to detail, highly organized work ethic
- Strong technical writing and computer (Microsoft Office with an emphasis on Word and Excel) skills

HOW TO APPLY:

Send your cover letter and resume in PDF format to careers@fisherarnold.com with “Project Engineer Land Development Jonesboro” as the Subject Line. Cover letters will be evaluated as a writing sample and should include your salary requirements and how you believe you can contribute to our organization. All correspondence regarding your application should be transmitted via email; no phone calls please. We look forward to hearing from you!
